ABOUT

I am a cheerful, reliable, timely and accurate person with a dynamic creative drive. I have always been passionate about graphic arts and design, and I love everything that stands for creativity, innovation and experimentation.

I am able to work both individually and in teams. Thanks to my academic and work experience, I acquired specific skills in the areas of Web and Graphic design and both front and back-end developping.

I am an open-minded person and I easily adapt to multicultural environments.
